Supplement to the

"Proceedings of the Indian Academy of Sciences"

INDEX TO VOL. LXX (B)

AUTHORS' INDEX

Ambaye, R. Y.	..	*See* Wagle and others.
Bal, D. V.	..	*See* Savant and Bal.
Biradar, N. V. and Mahabale, T. S.		Studies on palms, fruits, seeds and seed germination in the genus *Phoenix* L., 55.
Charudattan, R.	..	Studies on strains of *Fusarium vasinfectum* Atk., I, 139.
Chawan, D. D.	..	*See* Sen and others.
Chinoy, J. J., Shah, C. K., Patel, Hemalata, D. and Suthar, H. K.		Wheat root-tip bioassay for gibberellins, 98.
Das, L. D. Vijendra	..	*See* Hrishi and others.
Devi, C. B. Lalithambika	..	Occurrence of larvae of *Pseudorhombus elevatus* Ogilby (Heterosomata—Pisces) along the south-west coast of India, 178.
Dnyansagar, V. R. and Khosla, S. N.		Effect of 2, 4-D sprays on the anatomical characters of some weeds, 287.
Ganapati, P. N.	..	*See* Rao and Ganapati.
Govindarajulu, E.	..	Observations on new kinds of silica deposits in *Rhynchospora* spp., 28.
Gupta, Bal Krishan	..	Studies in the genus *Cymbopogon* Spreng, I, II, 80, 241.
Hrishi, N., Marimuthammal, S. and Das, L. D. Vijendra		Studies on the causes for seed failure in the intergeneric cross between sugarcane and maize, 169.
	..	A cytotype from Co. 419 and its origin, 295.
Inamdar, J. A.	..	Structure and ontogeny of foliar nectaries and stomata in *Bignonia chamberlaynii* Sims, 232.
Janaki Ammal, E. K. and Khosla, S. N.		Breaking the barrier to polyploidy in the genus *Eucalyptus*, 248.
Junnarkar, R. S.	..	*See* Wagle and others.

Karande, A. A. and Pendsey, S. S. — Field and laboratory observations on *Teredo furcifera* M., a test organism for the bioassessment of toxic compounds, 223.

Khosla, S. N. .. *See* Janaki Ammal and Khosla.

.. *See* Dnyansagar and Khosla.

Krishnamoorthy, R. V. .. Alkaline phosphatase activity during the fatigue of an isolated frog muscle, 1.

Krishnamurthy, S. .. Distribution of iron in the tissues of some bivalve molluscs, 187.

Mahabale, T. S. .. *See* Biradar and Mahabale.

Marimuthammal, S. .. *See* Hrishi and others.

Michael, R. George .. *See* Sumitra and others.

Nambiar, K. K. N. and Ramakrishnan, K. — Studies on pigeon pea sterility mosaic disease, VII, IX, 37, 200.

Narasimhan, R. .. Physiological studies on the genus *Sclerotium*, II, III, 42, 193.

Navaneethakrishnan, P. .. *See* Sumitra and others.

Pandey, K. C. .. A redescription of *Ommatobrephus lobatum* Mehra, 1928 with a note on validity of some species, 118.

Pandotra, V. R. and Sastry, K. S. M. — Fungi on medicinal and aromatic plants in the North-West Himalayas, V, 88.

Panse, T. B. .. *See* Wagle and others.

Patel, Hemlata D. .. *See* Chinoy and others.

Pendsey, S. S. .. *See* Karande and Pendsey.

Ramakrishnan, K. .. *See* Nambiar and Ramakrishnan.

Rao, A. T. .. *See* Sriramadas and others.

Rao, G. Chandrasekhara and Ganapati, P. N. — On some interstitial copepods from the beach sands of Waltair Coast, 262.

Rao, K. S. R. .. *See* Sriramadas and others.

Rao, T. Bhaskar .. The morphology and incidence of the genus *Monocercomonoides* (Grassi, 1879) Travis, 1932, of insects found in Andhra Pradesh, India, 208.

Rao, V. S. .. The floral anatomy of *Ancistrocladus*, 215.

Sastry, K. S. M. .. *See* Pandotra and Sastry.

Savant, Miss V. V. and Bal, D. V. — Maturation and spawning of *Johnius dussumieri* (Cuv. and Val.), 66.

Saxena, N. P. .. Studies in the family Saxifragaceae, IV, 104.

Sen, D. N., Chawan, D. D. and Sharma, K. D.	Preliminary observations on the influence of certain weeds on germination and growth of *Pennisetum typhoideum* Rich, 111.
Shah, C. K. ..	*See* Chinoy and others.
Sharma, K. D. ..	*See* Sen and others.
Singh, Harnek ..	*See* Thind and Singh.
Sriramadas, A., Rao, K. S. R. and Rao, A. T.	Aluminous augite in the pyroxenite of the charnockite rocks of Visakhapatnam District, Andhra Pradesh, 15.
Sumitra, Vijayaraghavan, Navaneethakrishnan, P. and Michael, R. George	Diel cycle of dissolved carbohydrates in two freshwater ponds, 157.
Suthar, H. K. ..	*See* Chinoy and others.
Thind, K. S. and Singh, Harnek	The Helotiales of India, VIII, 251.
Thind, K. S., Waraitch, Karnail Singh	Xylariaceae of India, I, 131.
Tikader, B. K. ..	Two new spiders of the genus *Uloborus* of the family Uloboridae from India, 127.
Wagle, M. V., Junnarkar, R. S., Ambaye, R. Y. and Panse, T. B.	Tumour inhibitory studies on pyrimidines, I, 9.
Waraitch, Karnail Singh ...	*See* Thind and Waraitch.

TITLE INDEX

Ancistrocladus, the floral anatomy of (Rao), 215.

Bignonia chamberlaynii Sims, structure and ontogeny of foliar nectaries and stomata in (Inamdar), 232.

Bivalve molluscs, distribution of iron in the tissues of some (Krishnamurthy), 187.

Charnockite rocks of Visakhapatnam District, Andhra Pradesh, aluminous augite in the pyroxenite of (Sriramadas and others), 15.

Co. 419, a cytotype from, and its origin (Hrishi and others), 295.

Copepods, on some interstitial, from the beach sands of Waltair Coast (Rao and Ganapati), 262.

Cymbopogon Spreng, studies in the genus, I, II (Gupta), 80, 241.

Eucalyptus, genus, breaking the barrier to polyploidy in the (Janaki Ammal and Khosla), 248.

Freshwater ponds, two, diel cycle of dissolved carbohydrates in (Sumitra Vijayaraghavan and others), 157.

Frog muscle, isolated, alkaline phosphatase activity during the fatigue of (Krishnamoorthy), 1.

Fungi on medicinal and aromatic plants in the North-West Himalayas—V (Pandotra and Sastry), 88.

Fusarium vasinfectum Atk, studies on strains of, I (Charudattan), 139.

Gibberellins, wheat root-tip bioassay for (Chinoy and others), 98.

Helotiales of India, VIII (Thind and Singh), 251.

Johnius dussumieri (Cuv. and Val.), maturation and spawning of (Savant and Bal), 66.

Monocercomonoides (Grassi, 1879) Travis, 1932, genus, of insects found in Andhra Pradesh, India, the morphology and incidence of the (Rao), 208.

Ommatobrephus lobatum Mehra, 1928, a redescription of, with a note on validity of some species (Pandey), 118.

Palms, studies on: Fruits, seeds and seed germination in the genus *Phoenix* L. (Biradar and Mahabale), 55.

Pennisetum typhoideum Rich, influence of certain weeds on germination and growth of, preliminary observations on (Sen and others), 111.

Pigeon pea sterility mosaic disease, VII, IX (Nambiar and Ramakrishnan), 37, 200.

Pseudorhombus elevatus Ogilby (Heterosomata—Pisces), larvae of, occurrence of (Devi), 178.

Pyrimidines, tumour inhibitory studies on, I (Wagle and others), 9.

Rhynchospora spp., observations on new kinds of silica deposits in (Govindarajulu), 28.

Saxifragaceae, studies in the family, IV (Saxena), 104.

Sclerotium, genus, physiological studies on the, II, III (Narasimhan), 42, 193,

Sugarcane and maize, intergeneric cross between, studies on the causes for seed failure in (Hrishi and others), 169.

Teredo furcifera M., a test organism for the bioassessment of toxic compounds. field and laboratory observations on (Karande and Pendsey), 223.

Uloborus of the family Uloboridae from India, two new spiders of the genus (Tikader), 127.

Weeds, some, effect of 2, 4-D sprays on the anatomical characters of (Dnyansagar and Khosla), 287.

Xylariaceae of India, I (Thind and Waraitch), 131.
